

90 Years of Caring

It costs Shriners Hospitals for Children® over \$2 million per day to operate its extensive network of 22 Shriners Hospitals for Children®.

This enormous effort, which has touched the lives of over 1,000,000 children and their families began over 90 years ago, with the opening of the first Shriners Hospital for Children in Shreveport, Louisiana on September 16, 1922.

In 1925, Shriners Hospitals for Children® - Canada opened its doors in Montreal, Quebec. For almost 90 years this hospital has been a beacon of hope helping children defy the odds and overcome seemingly insurmountable challenges.

The official dedication ceremony for the **new Shriners Hospitals for Children® - Canada** takes place August the 20, 2015 in Montreal.

All Daughters of the Nile are excitedly looking forward to August 19, 2015 when the second floor of the new hospital will be named in recognition of the support and dedication of the Daughters of the Nile.
